After updating to Mavericks (OS X 10.9) I've seen a few instances where "The server encountered an error verifying registration" errors appear Tag: FaceTime. FaceTime Failing In OS X Mavericks 10.9 With "The server encountered an error verifying registration". After updating to Mavericks (OS X 10.9) Launch App Store, go to Update and Download and install 10.9.2 Update. ... Select the Os X version to: Mavericks (again obvious here). Choose the target ... here is another hint : <http://krypted.com/mac-os-x/facetime-failing-in-os-x-mavericks-10-9-with-the-server-encountered-an-error-verifying-registration/>.
